

# TEACHER TRAINING INSTITUTE

---

*Teacher Training Institutes provide New York City educators with the content, curriculum and materials to bring world-class chess programming to their schools and classrooms – at absolutely no cost.*

---

Thanks to the generosity of the New York City Council, Chess in the Schools is proud to offer the Teacher Training Institute (TTI) to educators across New York City. This innovative program builds on Chess in the Schools' 30+ years of placing chess teachers in hundreds of New York City schools. TTI's day-long workshops train educators how to teach the game of chess and implement programming in their own school or classroom, further expanding the reach and impact of Chess in the Schools' world-class curriculum

---

**ABSOLUTELY NO COST:** Teacher Training Institutes are offered 100% free of charge to NYC Public School Teachers. Even more, Chess in the Schools will provide participating educators with all the necessary equipment needed to start a chess program in their respective school, including chess sets, workbooks for students, a score pad and a demonstration board.

**NO CHESS EXPERIENCE NECESSARY:** Educators who wish to participate in a TTI do not need to have ANY prior experience with chess. TTI workshops train educators in how to play chess and also how to teach chess. Chess in the Schools will also offer support during the implementation process at your school.

**OPEN TO ALL NYC PUBLIC SCHOOL TEACHERS:** Teacher Training Institutes are open to all New York City public school teachers and administrators. If you are not a New York City public school teacher and are interested in TTI, please contact us at [tti@chessintheschools.org](mailto:tti@chessintheschools.org).

---

## **SIGN UP NOW FOR AN UPCOMING TEACHER TRAINING INSTITUTE:**
